

**Saratov State Medical University named after V.I. Razumovsky
of the Ministry of Health of Russia
Association of young scientists and students of the SSMU
Project «Medical Conferences On-line»**

INVITATION LETTER

Dear colleagues!

**Association of young scientists and students of the Saratov State
Medical University named after V.I. Razumovsky
and Educational Cluster «Nizhnevolzhsky» invite you
to participate in the scientific conference
«Week of Russian Science 2022»,
dedicated to the World Immunization Week**

April 26-29, 2022

*We welcome secondary, high school, resident and postgraduate students,
doctoral candidates, scientists, physicians and university academics!*

The conference will be held in on-line format

The motto of the conference is:

«From idea to clinical practice»

**The conference provides an opportunity to discover and develop
your abilities, to demonstrate your expertise and get recognition in
various areas of scientific and creative activity.**

The deadline for submissions is

April 10, 2022.

<https://science.omus-sgmu.ru>

**PRELIMINARY PROGRAM
OF THE SCIENTIFIC CONFERENCE**

April 26-29, 2022

April 26, 2022 10:00 am (Venue: SSMU Rector's Conference Hall) Online video broadcast on <https://www.youtube.com/channel/UCyD7EwszPP31bci9D5hKX-w>

Plenary session. Opening ceremony of the XI Week of Russian Science dedicated to the World Immunization Week, announcement of the results of the competition of scientific works and achievements (**Enclosure 1**). Awards ceremony.

April 26 - April 28, 2022 00:00-23:59

The work of the conference sessions will be organized online on the YouTube platform (<https://www.youtube.com/channel/UCyD7EwszPP31bci9D5hKX-w>) and on the webpage of the Association's group in VK (<https://vk.com/omus.sgm>). Links to playlists of specific sections will be published in a supplement to the invitation letter a month before the start of the conference.

Instructions for participation in online format of the conference are in Enclosure 2 (for participation with a presentation) and in Enclosure 5 (for participation in Creativity Day).

The rules for submitting applications to participate in the competition of scientific works are specified in Enclosure 1.

The rules for submitting applications for participation with a presentation are in Enclosure 2.

The rules for submitting and formatting articles and publications are in Enclosure 3.

Conference sessions:

- 1) Postgraduate and doctoral readings in sections: biomedical sciences, clinical medicine, preventive medicine, pharmaceutical sciences.
- 2) Conference for resident students and physicians in sections: obstetrics and gynecology; dermatovenerology and cosmetology; radiation diagnostics and radiation therapy; healthcare management; neonatology; ophthalmology; pediatrics; emergency, anesthesiology and resuscitation care; therapy; urology and andrology; surgery; public health and healthcare.
- 3) Conference "Lyceum student".
- 4) Conference for secondary vocational education schools.
- 5) English-speaking session in all areas of clinical disciplines. Students and young scientists of any faculty can participate in the work of the session. The official language is English.
- 6) VIII Training Conference for students and young scientists «Practical Biomechanics in Dentistry» (WOHD – 2022).
- 7) 83rd Student Interregional Scientific and Practical Conference «Young Scientists for Healthcare» in sections:

Obstetrics, Gynecology
Outpatient care and Preventive medicine
Anatomy and Anthropology
Ancient world and us
Life safety and Disaster medicine
Biological chemistry
Internal diseases (Subsections Clinical cases and Scientific papers)

General and Clinical psychology
Public health and healthcare
Ophthalmology and Otorhinolaryngology
Pediatrics (Subsections Clinical cases and Scientific papers)
Russian as a foreign language (Subsections Near and Far Abroad countries)
Emergency, Anesthesiology and Resuscitation care
Social sciences and Humanities

Doctor as a guide and educator
Dermatovenerology and cosmetology
Pediatric surgery
Foreign languages. English language
Foreign languages. German language
Infectious diseases and microbiology
(Subsections Clinical cases and
Scientific papers)
Clinical immunology and Allergology
Exercise therapy, Sports medicine and
Physical Education
Radiation diagnostics and Radiation
therapy
Biomedical issues
Medical and preventive sciences
Medical and biological physics
Morphology
Neurology and Psychiatry
Neonatology

Traumatology, Orthopedics and Neurosurgery
Management and Economics of pharmacy
Urology and Andrology
Pharmacognosy and Botany
Pharmaceutical chemistry and Pharmaceutical
technology
Pharmacology and Clinical Pharmacology
Philosophy
Phthisiopulmonology
Emergency surgery, Vascular surgery,
Experimental surgery
Elective surgery, General surgery
Oncology
Section «Higher Nursing Education»
Outpatient pediatrics
History of medicine
Medical law

Forms of participation: presentation; article / publication; presentation + article / publication.

8) **Master classes from leading experts and academics from Saratov and other regions (Enclosure 4.2).**

9) **VII Interdisciplinary Conference "Experimental Biology and Medicine".**

10) **Creativity Day "Medicine is our Universe" (Enclosure 5).**

- presentation of creative works of participants;
- photo contest;
- poster contest;
- video contest;

April 29, 2022 10:00 am (Venue: SSMU Rector's Conference Hall) Online video broadcast on <https://www.youtube.com/channel/UCyD7EwszPP31bci9D5hKX-w>

Closing ceremony of the Conference. Online awards ceremony for the winners in conference sessions and competitions.

Dear participants! We draw your attention to the conditions of participation in the Week of Russian Science 2022:

1. The maximum number of co-authors of one article or publication is five.
2. Applicant for a section of the conference can be the author or co-author of only one work.
3. Participation with the same work in different sections is forbidden.
4. Participation with previously presented work at the Week of Science is forbidden.

The organizing committee reserves the right to disregard the applications that do not comply with these rules.

As part of the conference, a competition for the best scientific work is announced. Requirements are: the maximum number of pages is 20, the structure of the submitted paper should include introduction, research materials and methods, results of the research, conclusion (conclusions), the list of published works on this topic, the list of the titles of protection, references. The submission rules for the competition are similar to those for the submission of abstracts.

Example of the front page of the submitted paper:

Name of the organization;

Name of the representing department/ subdivision;

Information about the head of the department / head of the subdivision;

Information about the research advisor;

Research topic.

Full name of the author (s),
year of study, faculty,
position held, etc.

City, year of research

The application form and the papers should be uploaded by April 10, 2022 to the website of the conference www.science.omus-sgmu.ru. The results of the competition will be announced at the plenary session of the conference.

Participation in the conference in online format with a presentation.

Participants of the conference should record a video with their presentation and a slide show demonstration in one of the following formats (*MP4, AVI, WMV, MOV, 3GP, FLV, MPEG-1.2, WebM. MP4 is preferable*).

Example of an uploaded presentation.

Possible variants for recording a video with a slide show demonstration are on <https://www.youtube.com/watch?v=GuVOOmJvseQ>

The maximum length of the presentation is 5-7 minutes. After the video is ready, it should be uploaded to Google Drive, Yandex.Disk or Cloud Mail.ru. Attach the link to your video file in the corresponding window of the registration form on the website <http://science.omus-sgmu.ru>. Please ensure that the access to the file via the link is provided. ***The deadline for submission for participation is April 10, 2022.***

«**Bulletin of Medical Conferences On-line**» (SSN 2224-6150, <http://medconfer.com/journal>) – is an online medical scientific periodical published since March 2011. The journal is indexed in www.elibrary.ru, Ulrich's International Periodical Directory (www.ulrichsweb.com), Index Copernicus and Google Scholar.

Articles of the winners in all conference sections will be recommended for publication AND SUBMITTED TO THE EDITORIAL OFFICE of the Saratov Journal of Medical Scientific Research (impact factor RSCI is 0.423), which is included in the list recommended by the Higher Attestation Commission of the Russian Federation.

The procedure for submitting papers for publication.

From February 1st to April 1st register and submit your paper on the website <http://www.medconfer.com>

*** - details for submission of papers in print are on the website in the "For Authors" section.**

Conference page: <https://medconfer.com/forum/3757>

All the materials should be submitted in MS WORD format, Times New Roman font, size 12, 1.5-line spacing, all margins 2 cm, the heading centered, the text align justify. The text length limitation for abstracts is up to **2 thousand characters**, the text of the abstracts should not contain tables and pictures. The text length limitation for articles is **3-15 thousand characters**, the text of the article may contain tables, graphs and pictures. The submitted paper should specify the relevance of the problem, goals and objectives of the study, materials and methods, the results obtained and conclusions. The text should be revised, all the errors corrected. The authors and their research advisors should be held liable for reliability of the data and the scientific content of the paper.

The cost of publications. **Abstracts - 300 rubles. Articles - 700 rubles.**

Example of text formatting:

Change in homeostasis in elderly patients with cholelithiasis

(bold, centered, lowercase, no dot)

Smirnova S.S. (italics, centered, last name, initials)

Research advisor: PhD, Associate professor Ivanov I.I.

Saratov State Medical University named after V. I. Razumovsky

(correct university name, centered, no dot)

Department of Faculty Surgery and Oncology named after S.R. Mirotortsev

(centered, no dot)

Empty line

To participate in a Master Class as a lecturer, fill in the application form by **April 10, 2022** on the website <http://science.omus-sgmu.ru>:

- 1) Full name of the lecturer conducting the master class, affiliation, position held, academic degree, title;
- 2) Title of the master class (specify: theoretical or practical);
- 3) Contact information: phone numbers with indication of the category (home, mobile, office), e-mail;
- 4) The rules for presenting your speech are identical to the rules for submitting a presentation, specified in **Enclosure 2**. Please ensure that link to the cloud storage with your video file of the lecture is attached in the appropriate window during registration.

As part of the All-Russian Week of Science there will be **a day of creativity** in the following areas:

1. Exhibition of creative and scientific works of the participants (handicrafts, paintings, inventions and projects), which will provide an opportunity to make themselves known, to introduce everyone to the results of their activities.

2. Photo contest «**Medicine is our Universe**».

The photo contest includes several directions:

- Nomination «**Let's Help Together**» (covering the activities of the volunteer movement).
- Nomination «**Life through the eyes of a medical student**».
- Nomination «**The Impact of Creativity on the Life of a Medical Student**».
- Nomination «**Picturesque Saratov**».
- Nomination «**SGMU: how it all began**».
- Nomination «**Zozh is Freedom**».
- Nomination «**Microscience**».
- Nomination «**I want to change the world**».

There are many talents in our university - novice and professional photographers. We invite you to reveal the chosen topics through the prism of your imagination, to share unique and successful shots reflecting the beauty of our world. Each participant can submit no more than 10 photos for the contest.

3. Contest section of scientific posters.

Rules for the design of the poster report:

Size 840x595 mm - A1 printing format. The work should contain the title (title of the report, authors' names, name of the organization, city and country), purpose, materials and methods, results, conclusions. **Stands should be oriented vertically! Stands that do not meet the design requirements are not allowed to the competition!**

4. Video contest, where participants can express their thoughts, ideas, acting and directing skills.

The plot of the video can tell about the event, reflect the problem, be of different emotional coloring and should include information about the authors and performers. Duration - 5-7 minutes. Can be filmed in the following genres: **popular science and humorous**. Nominations:

- best medical film (humorous in nature);
- the best film dedicated to the history of the V.I. Razumovsky State Medical University;
- the best film about prominent medical figures;
- the best film about the promotion of a healthy lifestyle.

To participate in the Creativity Day you need to upload materials (video, photo work, poster presentation, high-quality photo of the creative work) to Google Drive, Yandex.Disk or Cloud Mail.ru and **attach a link to the necessary file in the appropriate window of the registration form** on the website <http://science.omus-sgmu.ru> . Don't forget to open access to the file via link in the settings! Application with the attached link to the work must be submitted **until April 10 (inclusive)** on the website <http://science.omus-sgmu.ru>.
